1.The total parking fee of your whole stay will be charged when you take your car out of the parking garage for the first time.

(e.g. If you use the parking garage for 3 nights, the total parking fee of JPY 3,000 will be charged even when you take your car out on the check-in day.)

2.After the payment, the inserted ticket will be returned.

From the second time onwards, the payment will not be charged even when you take your car out in the middle of your stay.

Please use the one ticket in the same manner above.
